COCKRELL SPEAKS.

THE MISSOURI SENATOR AGAINST SILVER REPEAL.

CRITICIZES SECRETARY CARLISLE.

Expressed that a Democratic Secretary of the Treasury should redeem in gold the silver certificates—Repeat the Act of 1890 and so more silver will be coined for monetary purposes.

WASHINGTON, Oct. 10.—In the senate yesterday afternoon Mr. Cockrell of Missouri spoke against the repeal bill. Referring to the demonetization of silver in 1873, Mr. Cockrell asserted that Mr. Sherman knew that the bill, if passed, would demonetize silver. All others had disavowed the knowledge, while Mr. Sherman never had. He declared his belief that Senator Sherman had introduced his bill of the last congress for the repeal of the Sherman act for the purpose of influencing the action of the Brussels conference, then in session. At any rate, the introduction of the bill was for that purpose. He criticized the action of the secretary of the treasury in redeeming in gold the silver certificates. He was surprised that a Democratic secretary of the treasury had pursued this course.

After referring to the means adopted to create a sentiment in the country in favor of repeal and of a special session of congress, Mr. Cockrell, in his descriptive manner, said, after a pause: "We have no elections coming on this fall and we have now an abundance of leisure on our hands. Congress has been convened, and here we are. [Laughter.] And no unconditional repeal at the demand and belief of foreign gold rings and syndicates."

The discussion having turned to the general subject of the redemption of silver certificates, a colloquy occurred between Messrs. Cockrell, McPherson, Vest and Teller as to whether these certificates were redeemed in gold. To settle the question, Mr. Teller offered a resolution, which was agreed to, calling for information as to whether silver dollars or silver coin certificates have been redeemed in gold or paper, which by law or practice of the government is redeemable in gold.

Mr. Cockrell said that with the act of 1890 repealed, it was almost certain that no amount of silver bullion would be coined, and there would be left in the treasury a hoard of silver metal. It seemed essential that there should be added to the pending bill an express requirement to coin such bullion. Without concluding his speech, Mr. Cockrell, at 5:30 yielded to a motion for an executive session.

Mr. Delph, Republican of Oregon, offered a resolution, which went over, calling upon the secretary of state for information as to whether China has requested an extension of the time for the registration of Chinese laborers in this country, as required by the act of May 3, 1892, or has given the United States any assurance that if the time for such registration should be extended, Chinese laborers would register and take out certificates. He said subsequently that he understood there had been no such request or assurance. The senate then went into executive session, after which it adjourned.

DEMOCRATS IN CAUCUS.

The Tucker Election Bill to Be Amended in the Senate.

WASHINGTON, Oct. 10.—The decree of the Democratic caucus of the house last night was that the Tucker bill, repealing every vestige of the federal election laws except one statute, should be passed to-day. Over 150 members were present. A sentiment existed in the caucus, notably among some of the Northern Democrats, led by Mr. Fitch and Mr. Springer, in favor of leaving on the statute books the declaratory statutes regarding the fourteenth and fifteenth amendments on the ground that it would look badly for the Democratic congress to blot out all federal election laws.

It was also discovered that a stray statute (5,328) not included in those repealed, permitted interference of troops at the polls. The general sentiment echoed by Mr. Tucker, Bourke, Cochran and Patterson of Tennessee, in strong speeches, was for passing the Tucker bill modified so as to include the stray No. 5,328. Speaker Crisp, however, called attention to the fact, owing to the peculiar parliamentary situation resulting from the special order under which the house was operating, no amendments were in order to-day save such as had already been offered—the substitute of Chairman Fitch and the amendments of Mr. Burrows and Lacey.

It was decided unanimously to pass the Tucker bill as it stands and have it amended in the senate.

OPENING THE STRIP.

The Resolution Calling for an Investigation of the Methods Considered.

WASHINGTON, Oct. 10.—The committee on public lands yesterday considered the Hudson resolution calling for investigation of the methods of the opening of the Cherokee strip. Assistant Attorney General Hall of the interior department requested to be heard on the subject of the change of order in opening the strip. He will be heard Wednesday. Mr. Lacey, Republican of Iowa moved that the resolution calling for an investigation be reported favorably. The Republicans favored the motion and the Democrats seemed opposed, on the ground that specific acts had not been furnished to warrant an investigation. It is expected the division will be on party lines.

Representative Flynn of Oklahoma

raised the point before the committee that the interior department had gone behind a decision rendered by Assistant Secretary Chandler during Noble's regime, in which it was held that the wives and children of allottees could not be permitted to select land at all, but must confine themselves to the property improved by the head of the family. He claims that the wives and children of allottees were permitted to select lands on the railroad and have other advantages. This the interior department desires to explain.

United States Supreme Court. WASHINGTON, Oct. 10.—The United States supreme court began its October term yesterday. All the justices were on the bench. Among the distinguished people present were the attorney general of Great Britain, Richard Webster, Senators Lindsay, Hawley, Davis and Palmer, Representative Sayers, Attorney General Olney, Justice Strong (retired), ex-Senator Edmunds.

SOUTHERN JUSTICE.

One Legal Hangout and a Mob Law Killing in Alabama.

BIRMINGHAM, Ala., Oct. 10.—Will Lacey, colored, aged 24, was hanged at Jasper yesterday. He assaulted Mrs. McFraw, a white woman aged 60, at Chickasaw Mimes, Walker county, six months ago. Two attempts were made to lynch him, but the officers outwitted the mob. On the gallows he defiantly confessed.

At Shortville, Henry county, last night, Miss Farmer, daughter of J. F. Farner, was suddenly awakened by a colored man in her room. She screamed and he fled. A posse started in pursuit. Early this morning the house of John Davis, colored, who proved to be the man, was surrounded and he was captured. En route to jail he attempted to escape, whereupon his body was riddled with bullets.

Mitchell Arrives in Chicago.

CHICAGO, Oct. 10.—Charles Mitchell and Jim Hall, the prize fighters, arrived in Chicago yesterday. In speaking of his fight with Corbett, Mitchell said: "I have become satisfied that we can fight it out to a finish at Coney Island. There will be no interference from the authorities, and the men behind the club guarantee me fair play. I have not yet made up my mind where I will train, but I will probably train near salt water. When we get into the ring there will be fighting. There will be no slow work so far as I am concerned."

Eclipse of the Sun.

SAN FRANCISCO, Oct. 10.—The annual phase of eclipse of sun yesterday passed diagonally through the Pacific ocean in a general southeasterly direction nearly parallel with the western coast of South America, and extending from a point about 60 miles south of the Aleutian Islands at sunrise to Lima, Peru, at sunset. In this city the eclipse was only partial, and at the time of greatest observation, six-tenths of the sun's diameter, or nearly one-half of the area of the disc was obscured.

Entered to Death.

SEWELL, Mo., Oct. 10.—John Woods, an old man aged 76 years, died yesterday afternoon at his home near Tipton from a singular cause. A week ago last Saturday he was attacked by a year old pet ram, which had enjoyed the freedom of the yard about the residence since it was a lamb. The ram saw the old man sitting in a stooping position and accepting the supposed challenge, butted him in the small of the back, knocking him prostrate.

Ex-Bank Cashier Arrested.

NEVADA, Mo., Oct. 10.—Sheriff Serogheim arrested O. K. Caldwell, ex-cashier of the defunct Citizens' bank of this city, in Kansas City and brought him here last night. The arrest was made upon information filed some time ago by Charles Trimmer, charging Caldwell, while cashier of the late Citizens' bank with receiving of him the sum of \$700 at a time when he knew the bank to be insolvent or in a failing condition.

Alarming Condition.

LONDON, Oct. 10.—The Times correspondent from Bangkok says that a new Mr. De Villiers, the French special envoy, left there everything has been going on since the French special envoy, Disputes from French sources in Hal Pong give alarming accounts of the condition of affairs in Tonquin. They state that a decided feeling of insecurity exists in that country, and that this feeling is constantly increasing.

Missouri Supreme Court.

JEFFERSON CITY, Mo., Oct. 10.—Both divisions of the supreme court convened at 9 o'clock today. There are about 100 cases on the docket, half of which will be called this month, and the remainder in January. This leaves 396 cases yet on the docket, so in all there are about 800 cases to be disposed of.

Voted to Accept a Resolution.

PADUCAH, Ky., Oct. 10.—The vote of Chesapeake, Ohio and Southwestern employes has been canvassed. It is overwhelmingly in favor of the acceptance of the reduction of ten per cent, until business improves.

Fell Dead in a Wagon.

CLINTON, Mo., Oct. 10.—About 10:30 yesterday morning Thomas L. De Witt of Lamont, Mo., fell dead. He was in a wagon with his sister and brother-in-law, enroute to Webb City to visit their father and brothers.

CHICAGO DAY.

TREMENDOUS OUTPOURING OF PEOPLE AT THE FAIR.

731,464 PAID ADMISSIONS TAKEN IN

The People Came From Everywhere and Thousands Were Compelled to Sleep in Sidewalks, Restaurants and Hotel Offices—The Exercises of the Day and Evening—Impressive Scenes Presented.

CHICAGO, Oct. 10.—At day break yesterday there were scores of people about the gates of the world's fair grounds, and when the ticket takers went to their places the scores had grown to thousands. The paid admissions were 731,464.

The people came from every direction. Thousands were compelled to sleep in sidewalks, restaurants and hotel offices last night as the city was completely filled and not a room was at a premium. Train loads of people were deposited down town and in the exposition district this morning.

While the people were scrambling through the gates, Simon Polakoff, the Polish consul, chief, and John Young, son of the Indian who named Chicago, rang the new liberty bell. They were introduced by Mrs. Emma C. Sickels of Pine Ridge.

At noon every avenue was filled with a restless, moving throng and the Midway, as well as the approaches thereto, was black with people. It was almost impossible to pass through the buildings. At the entrances great numbers were massed and there was a crush to get in that continued hour in and hour out.

The restaurants were wholly inadequate to serve the hungry. Half of the people carried lunch baskets. Down town business houses were locked up Saturday night not to be reopened until today. Merchants purchased tickets for their employees. Everybody was in holiday attire and Chicago was at her best.

The decorations at the fair were superb. From the flagstaffs of the big buildings, keeping company with the stars and stripes, the colors of every nation waved. The state buildings were loaded with bunting and flags. In many instances flowers were banded about the doors.

It was 10 o'clock when the Chicago Hussars, under command of Captain Reed, entered the grounds at the west end of Midway. As the company made a tour of the grounds, Battery D, under the direction of Lieutenant Russell, was firing a salute on the lake front. Flanking the grand basin and stationed on the peristyle, Administration, Manufactures, and Agricultural buildings, trumpeters in herald's uniform played a short fanfare of peace, and then in unison, "Peace on earth, good will to men."

Combined bands numbering several hundred musicians, played the air of "All Nations." It was a grand spectacle. The height of enthusiasm was reached, however, when a chorus of 2,000 voices under the direction of Professor Toulmin, sang "The Star Spangled Banner." The refrain was taken up by thousands of people, and as the singers executed the notes the bands swelled the volume to an extent rarely heard. Then the choir sang southern airs, including "Dixie Land," "Maryland" and "Kentucky Home." "Columbia Gem of the Ocean" was then sung, and the united bands marched from the grand plaza to the west entrance of the Administration building. Here 800 voices directed by Professor Toulmin sang, "The Watch Am Rhein." The morning exercises were closed by an exhibition drill in the stock pavilion by the Chicago Hussars.

The court of honor presented an imposing scene in the afternoon. There was a grand reunion of states represented by youths and maidens all attired in appropriate costumes emblematic of the states which they represented. Chicago's guard of honor was comprised of youths representing the thirty-four wards of the city, each bearing a huge shield on which was inscribed the word "Welcome." Following them were thirteen pretty misses representing the thirteen original states of the Union. They carried shields and olive branches and each wore a crown which was surmounted by a large gilt star. Then followed the different states of the Union with shields on which were the name and motto of the state and the day of its admission to the Union. The parade was a magnificent sight. The floats were decorated with flowers and bunting. The floats of the various countries presented their champions' deeds in lifelike forms.

The evening fireworks display was devoted to Chicago. The large piece was entitled "The Burning of Chicago," and covered 14,000 square feet, produced in four scenes—the first, Mrs. O'Leary's cow; second, the fire starting from the cow; giving a realistic view of the burning of the city; fourth, the pile of Chicago in ruins.

According to treasury department figures 124 public buildings are being constructed or have been authorized at a total cost of \$38,205,731. It is believed that the present congress will not pass any new building bills.

SCHOOL SHOES.

for school wear. Now is the time to get them, and Eissenschmidt & Hetsch's shoe store, No. 113 Oklahoma Avenue, is the place. There may be a question about what kind of shoes to wear in going to school. Expectantly the shoe that fits best, wears best and looks best are always to be had at our store. Some of our footwear will be found lacking in any of these points, and Young America is sure of a better fit, with a better shoe for a lower price, at our store than they are elsewhere. Such durable, well fitting and handsome shoes would be cheap at a higher price than we are offering but at our figures they are doubly so.
